

Health, safety and wellbeing orientation app

The Department of Families, Fairness and Housing (DFFH) is providing this resource for new residential care workers.

Important:

This resource does not replace the HSW information, training and supports provided by your employer. It provides general introductory information only.

Who should use this resource?

- New residential care workers.
- Managers and trainers supporting the induction and orientation of new workers.

Why access this app?

The introductory HSW information provided in the app is to help residential care workers to understand how HSW risks can be managed in their workplace.
